What is redistricting?

After the 2020 Census, Kentucky will draw new maps to show which parts of the state elect each member of the Kentucky House, Kentucky Senate, and U.S. House of Representatives. That process is called redistricting, and it is likely to change the districts that represent you and others in Christian County.

How can we estimate population changes before the 2020 Census?

The American Community Survey, conducted by the Census Bureau, provides county population estimates each year. Using the 2018 data, this County Estimate Report gives an initial idea of what is happening in your county and how redistricting may affect your area.

Looking at the big picture, what are the estimated population changes from 2010 to 2018?

- The fifty-state population increased 5.9%, adding an estimated 18,321,164 people.
- The Kentucky population increased 3.0%, adding an estimated 129,035 people.
- For the counties west of I-65 as a group, population decreased 0.3%, losing an estimated 1,881 people.
- For Christian and other counties that share your Senate and House districts, estimated changes are shown on the next page.

For Christian County's Senate seat, what are the estimated changes?

When Kentucky used 2010 Census data to redistrict, each Senate seat needed between 108,484 and 119,904 people. If we used the 2018 estimates, each seat would need to be larger, with between 111,710 and 123,469 people. With current population estimates, Senate District 3 is likely to be below the minimum required size for a Kentucky Senate seat. Here are the numbers for each county in the district:

COUNTIES INCLUDED IN SENATE DISTRICT 3				
County	2010 Count	2018 Estimate	Change	% Change
Christian	73,955	71,671	-2,284	-3.1%
Logan	26,835	26,989	154	0.6%
Todd	12,460	12,311	-149	-1.2%
Total	113,250	110,971	-2,279	-2.0%

For Christian County's House seats, what are the estimated changes?

When Kentucky used 2010 Census data, each House seat needed between 41,224 and 45,563 people. With 2018 estimates, each seat would need to be between 42,450 and 46,918 people. Christian County is served by three House seats. Six of the seven counties in those districts have estimated population losses, making redistricting changes likely. Again, here are the county-by-county numbers:

COUNTIES INCLUDED IN HOUSE DISTRICTS 4, 8 AND 9					
County	District	2010 Count	2018 Estimate	Change	% Change
Caldwell	4	12,984	12,715	-269	-2.1%
